

INVOICING AND SHIPPING COSTS

- 1 Shipping costs differ according to geographic regions: Switzerland, Europe, rest of the world
- 2 Orders on account can only be placed within Switzerland. The invoice will be sent by separate mail. Outside Switzerland, delivery is only possible against advance payment. An invoice that includes the exact postage costs will be sent to you by email, and the goods will be sent only after receipt of the total amount.
- 3 The shipping costs for publications, posters and editions have different modes of calculation. If a publication and a poster or an edition is listed in the same order, the two or three different shipping costs will be calculated and added up.

 - B Poster: according to the number of posters
 - C Edition: only on request
